

Children Leaving NAP Club on their own Policy

If it is a parent/carer's wish that their child/children leave NAP Club without a responsible adult accompanying them home, NAP Club would need the parent/carers permission and authorisation of this request in writing for this to take place. NAP Club are only in agreement with this for children in year 5 and 6.

The time you wish you child/children to leave must be stipulated on the authorised written letter, email or text message. Once your child/children have left at the stated time they are not the responsibility of the NAP club staff and therefore would then be the responsibility of the parent/carer.

If for any reason you did not wish for your child to leave on their own on a particular date, it would be the responsibility of the parent/carer to put this in writing via email or text to the NAP club staff to ensure we are aware of your changed request.
